

## **Rules for participation in Malvern Joggers Champions League 2020**

1. Anyone who was a 1st claim paid-up member of Malvern Joggers in 2019 will automatically be allocated points on the Champions League 2020 for races in January and February 2020 **ONLY**.
2. From **1 March 2020**, only 1st claim paid-up members of Malvern Joggers will be allocated points on the Champions League. All paid-up second claim members will be in a separate “second claim” league. All following rules apply to both of these leagues.
3. If subscriptions have not been paid by **1 March 2020**, points will be allocated on the Champions League from the date you pay your subscription and **WILL NOT** be awarded retrospectively.
4. For 2020 Champions League, the men and women will be awarded points separately, i.e. 1st male (25 points), 2nd male (24 points), etc. and 1st female (25 points), 2nd female (24 points), etc. The “second claim” league will be combined male and female, and will not be awarded separately.
5. Points awarded will be totalled, so that the person with the most points wins. This year, only your best 10 results will count towards that total. There will be more races available each month with a combination of road and off-road, and a variety of distances.
6. There will be the added attraction of a **Joker** which will enable you to double your points for one race. You will have to notify me of your intention to play your Joker in advance of race day, **NOT** on the race day itself. Your Joker can only be used once during 2020. Once a notification has been made to play a Joker, this cannot be withdrawn if you then don't run the race. The only exception would be if the race is cancelled.
7. Only 1st claim Malvern Joggers whose name appears on the official race results of Champions League races will be allocated points on the main Champions League. Second claim members will be awarded points on the “second claim” league, but they must notify me of their entry to the race, along with which club name they will be running under. Any second claim entrants who do not notify me of entering the race, will not be awarded points.
8. All participants in the main Champions League, must wear club kit to a league race to qualify for points i.e. joggers vest or t-shirt. Anyone not in club kit for a Champions League race will not be awarded points. All “second claim” league participants are not required to wear Malvern Joggers kit, however it would be encouraged.
9. Anyone found to be entering any races as a Malvern Jogger **after 31 March 2020** who have not paid their subscription, will be strongly invited to fill out an application form, pay their fee and join the Club.

If any of these rules are ambiguous, could you please let me know as soon as possible so that I can clarify any queries you may have.
